

Service technicians are wanted for WEKOAGRO Machinery A/S

Are you independent and responsible? Can you see yourself working on machines from AVR, Standen, VSS Amac and Vegniel? Would you like a versatile job in a professional business? Then you might be our new service technician for our department in Bording.

About the job

We are currently looking for colleagues who want to become part of a skilled and committed team. As our new service technician your most important task will be to service and repair various potato machines from the above brands.

Our new preparation center in Bording will be your base, but part of the work can also take place out in the field with the customers. We have a close collaboration with the department in Hoven, where there may be a limited number of times during the year when you must start the day.

In high seasons, overtime can be expected. As we have a strong focus on the customer and service, you must therefore be willing to work long days during these periods.

Your educational background may, for example, be an agricultural blacksmith, agricultural machine mechanic, blacksmith, car mechanic, farmer or similar. But the most important thing is that you have experience and take responsibility. We see it as an advantage that you have industry knowledge.

We also expect you to be:

- Customer and service minded
- Positive
- Meeting stable and flexible
- Self employed
- Gets the task done and follows up

We want you to start as soon as possible - but are also happy to wait for the right person for the job.

Your workplace

WEKOAGRO Machinery in Bording and Hoven is a nationwide machine dealer and importer of e.g. the brands AVR, Standen, VSS Amac, Vegniel, Downs, Ocmis, Fasterholt and Rosenqvists.

We have a total of 29 employees divided over the two locations, who look forward to welcoming you. Although we are busy, we have a good and dynamic team, where we all help and support each other and have a free and sociable tone.
